Cuba Accuses the C.I.A.  
HAVANA, May 31, (UPI) -  
The Cuban Government charged  
today that six men whose "pi-  
rate launch" was sunk offshore  
late Sunday had been sent to  
Cuba by the United States Cen-  
tral Intelligence agency to kill  
Premier Castro.

Four of the six-man crew  
were killed and the two others  
captured in the incident, the  
Government statement said.

The statement identified the  
skipper of the launch as An-  
tonio de la Cueta Valle and  
alleged that he was a "C.I.A.  
agent." The launch left from  
Tomy Roof, in Marathon Key,  
Fla., the Government said.
